## CONGRATULATIONS --- FROM CANADA

*It is an honour to have been asked to contribute to your first Nobody's Perfect - Japan Newsletter.*

*I believe that communication among facilitators and trainers is one of the most important conditions, not only in the continuation, but also in the enhancement of the Nobody's Perfect program.*

*We encourage parents to share their experiences and ideas among each other. In the same manner, we are modelling by sharing and gaining ideas and support among ourselves.*

*The enthusiasm and dedication that I have seen and heard about from you, the facilitators and trainers is very rewarding and heart-warming. I know that you are all giving of yourselves in your efforts to improve the lives of children and their parents through the Nobody's Perfect program.*

*The success of the program depends on you.*

*I believe that success will be far beyond your expectations.*

*I wish you all the best in your endeavours.*

*I am sure you will all enjoy and benefit from your newsletter.*

*Barbara O'Rourke,  
Master Trainer, Director of Nobody's Perfect Ontario.*
